Session 2024-25

GRADE -VIII

Students Name Section

Dear Students,

We are sure that you will enjoy your summer vacation with members of the family and friends. Some of you must be planning to travel or to visit your relatives and grandparents. It will be great if you spend some time with them and gift them something that is handmade and designed by you. This will surely make them feel special. If possible, join some activity classes or learn something new during your holidays. Spend some time reading storybooks, newspapers, watching interesting and informative programmes. Help your parents by cleaning up your room, arranging things kept in the cupboard and donating things that you do not need to a NGO.

We are attaching a few interesting activities and assignments which you are expected to do during the break. This will also help you avoid the noon time heat. Write neatly and present your work well. Please complete the work and bring it to school on Monday, July 1, 2024. Have lots of fun and take good care of yourself.

Six things to remember during summer vacation:

While your parents and we want you to have fun during summer break, we also want you to be **thinkers and doers**. The following guidelines will help you to be both, while enjoying your freedom at the same time.

1. **Find other ways of entertaining yourself than phones and TV**, learn a musical instrument like guitar or keyboard, learn a hobby like origami or magic tricks, read novels, learn cooking, etc.
2. **For every hour of electronics, you give one hour of play time .**
3. **If you are bored, help out at home.** This will also earn brownie points with your parents and help you realize the importance of organization and cleanliness.
4. **Reading is a must.** Reading nurtures your soul. When you visit malls, make sure you drop in at a bookstore and pick books that interest you. Otherwise, read on Kindle.
5. **There is no sleeping all day and staying up all night:** It is unhealthy and it will be hard for you to readjust to regular school schedule at the end of the vacations.
6. **Make sure you make time for your parents:** Watch a movie, go out on dinners with your family and spend more time with your family than with your friends.
